

Faith Thoughts for Reflection ...

When we serve others, we
serve God.

Allow God to build something so big in your life
that it ultimately transforms the lives of others!

God's work, done God's way, to
God's glory will never lack God's
supply

The Lord always hears our tears!

Remember the clock ... it always
makes right turns, never stops or turns
backwards.

Contentment is the
product of a heart that
is resting in God ...

May God's power
always be on us,
His truth in us and
His Spirit guiding
us!

If you're all wrapped up in yourself,
you'll make a real small package.

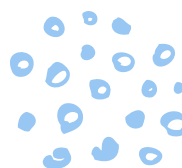

Remember your future needs you more
than your past!

There will not be
any good people
in heaven only
forgiven people.

We often spend a lot of time
fighting to get out of something
instead of learning from/through
it..

Birthdays are a blessing ... it's been
reported that those who have them
actually live longer!

Faith always moves forward.

We may not know
exactly when God is
going to show up but
we surely know when
He does!
